

WE DID IT!

Wylliams-Henry is kicking off 2008 with cause for true celebration.

We have met the terms of the Muriel McBrien Kauffman Foundation's Challenge Grant! Since our loyal supporters so generously contributed \$50,000 to help launch an endowment for the Company, **the Foundation will match these gifts with another \$50,000, thereby providing a nice nest egg of \$100,000 for Wylliams-Henry.** The interest on our endowment will help underwrite new productions, bring internationally acclaimed choreographers to our town to stage works for the Company and expand our special programming for young people within the metro area.

God Bless Julia Kauffman and her extraordinary colleagues! And our most heartfelt thanks to everyone who helped launch the New Year for Wylliams Henry with such boundless optimism.
